

# Accessibility Resources

Additional info on: [Technology Resources](#)

## **Additional Resources**

...

## **Included on Website**

- [Blackboard Ally File Transformer](#)
  - File Transformer allows you to upload a course file and download it in an alternative format. This way, you can personalize your learning experience to better fit your needs, devices, and learning preferences. After uploading your file, pick an alternative format that best suits your current task or situation. You can pick and mix formats too.
- [Glean](#)
  - Glean is an audio-notetaking program designed to allow students to take notes without falling behind or disengaging from class. It can help create greater independence and confidence in the notetaking process. (If you have a notetaking accommodation, please reach out to the Director of Accessibility Services if you are interested in trying Glean.)
- [Learning Ally](#)
  - Learning Ally gives you the tools, including a modern version of books on tape, online resources and the support you need as you navigate your college journey and prepare for your future career.
